

Young Engineers and Scientists Fellowship

The YES Fellowship includes a six-week summer work term and a \$4,000 award upon completion of the work term. The Fellowship offers an opportunity for BC secondary school graduates passionate about science to experience a real-life research environment. It is intended to motivate them to pursue a research career, especially in physics or engineering.

TRIUMF, Canada's particle accelerator centre, is located on the south campus of the University of British Columbia. It is home to the world's largest cyclotron accelerator and smaller isotope-production cyclotrons to support a diverse program of world-class research in nuclear physics, particle physics, molecular and material science, applied technology, and nuclear medicine. In addition, TRIUMF acts as an infrastructure lab for international collaborations around the world. For more information, visit www.triumf.ca

Reference Form FOR EACH REFEREE: COMPLETE FORM AND ENCLOSE A LETTER OF REFERENCE

CONFIDENTIAL

| | | | | |
|--|-------------------------------|------------------------------|--|----------------|
| | | Family name of student | Given name of student | |
| Referee information | | | | |
| Family name of referee | Given name of referee | | Institution | |
| I am providing this reference as: | | | I have known the nominee for _____ years | |
| A teacher within mathematics/sciences A teacher outside of mathematics/sciences | | | in my capacity as: | |
| Student letter of reference Include letter - max. 250 words/1 page | | | | |
| Personal letters of reference are required from at least two individuals familiar with the nominee's personality, work and abilities.
